

Seminar on “Kaizen marathon”

Organized by

The Association for Overseas Technical Cooperation and Sustainable Partnerships (**AOTS**)

In collaboration with: Egypt-Japan University of Science and Technology (**E-JUST**)

The Association for Overseas Technical Cooperation and sustainable Partnerships (AOTS) is providing training opportunities for foreign engineers and managers of the developing countries to promote technical cooperation by dispatching Japanese experts overseas. This training will be conducted for managers or supervisors in the Egyptian manufacturing companies by AOTS subsidized by Japanese government, in cooperation with E-JUST.

Outline

This program aims at understanding Kaizen method and applying it effectively to our own work place in order to enhance the productivity and develop the ability for promoting and entrenching Kaizen activities in practical manners. It will turn out to be energy saving as well.

In this program, participants will learn the way of applying the knowledge by lectures, exercises and discussions under the guidance of Japanese lecturers with plenty of experience and expertise.
